<b>GENERAL EDUCATION</b>	20 – 39
<b>MAJOR</b>	84 – 86
<b>COMPLETE A MINIMUM OF 124 CREDITS FOR THIS DEGREE.</b>	

## Dance

### Description of Program

The Department of Kinesiology offers a Bachelor of Science in Dance. The major consists of 70 credits, and the curriculum includes dance technique, repertory, improvisation, composition, pedagogy, history, music, production, movement analysis, injury prevention, and Pilates certification. In addition, students take a strong science core, and complete requirements in arts and humanities. Modern dance and ballet are requirements in the dance major curriculum, and students can also elect to study jazz, musical theatre, tap, dances of the African Diaspora, hip-hop, and social dance. Students have technique classes and repertory rehearsals daily, as well as work in improvisation, composition, and choreography several days a week. The dance major is a program rich in artistic integrity and disciplined dance training, and also provides a strong academic and theoretical core that is essential to producing wholly integrated artists and successful dance professionals. An audition is required for acceptance into the Bachelor of Science in Dance offered by the Department of Kinesiology.

### Special Opportunities

All dance majors are performing members of the Indiana University Dance Theatre, and perform in faculty/guest artist concerts as well as in student works. Seniors produce a concert each fall. Students can find other performing opportunities with the opera, musical theatre program, the African American Dance Company and Bloomington's local modern dance company, Windfall Dancers. Dance majors also have opportunities to perform nationally and internationally at various festivals and conferences. Additionally, students are encouraged to pursue special areas of interest, such as dance in technology and dance scholarship and creative activity (through the Hutton Honors College).

### Careers

The Department of Kinesiology also offers several minors which nicely compliment the dance major, such as Fitness Instruction and Sports Marketing and Management. Other areas of professional preparation include pre-dance therapy, pre-physical therapy, and Pilates certification. Minors or certifications in Business and Arts Administration (SPEA), or the Liberal Arts Management program may also be of interest. Graduates of the dance major are working in many diverse venues as performers, teachers, choreographers, company managers, art administrators, artistic directors, university professors, and dance educators within public school systems.

Solos may be choreographed by the performers or by a dance professional. Following the audition, dancers may elect to view repertory rehearsals from 3:30-6:30 p.m., at which time, faculty will also be available to answer questions. **SCHOOL OF HEALTH, PHYSICAL EDUCATION, AND RECREATION  
DEPARTMENT OF KINESIOLOGY—DANCE**

The suggested plan below shows how you might sequence courses to allow for completion of the degree in a four-year period. There is usually some flexibility within this plan as long as free elective course credit hours are not exceeded. Free electives must be limited to 7-10 credit hours. Planning for correct sequencing of course work is extremely important in this major. Students should meet with an advisor at least once each semester to plan their curriculum.
