**Note:** It is the student's responsibility to check with their school/degree unit to determine whether this minor may be *officially* recorded on the transcript. The various schools on the Bloomington campus may limit the number of hours outside their school that will count toward a degree. Students should check with an advisor in *their school* for information about minor rules. Some schools/degree units require a minimum grade of C- in each minor course in addition to the usual minor overall GPA of 2.0. HPER will provide a letter or certificate indicating completion of the minor upon request.
