- _____ 3 HPER-R 365 Leisure & Aging (Fall)
- _____ 3 SPEA-H 320 Health Systems Administration (Fall/Spring)
- _____ 3 SPHS-S 307 Cognition/Communication in Aging (Spring)

Other College of Arts and Science topics may be taken as an elective with Advisor approval

* Two prerequisite courses, HPER-F 150 and HPER-F 258, or their equivalents, are required for this minor. For this reason, an additional 6 credit hours will be required for students without any background in life span development or family interaction. However, students may choose F 150 as their elective course for the minor. If they do so, the minor would only require an additional 3 cr. for prerequisite courses.

** These courses may be taken as an elective if they were not already taken as a required course.
